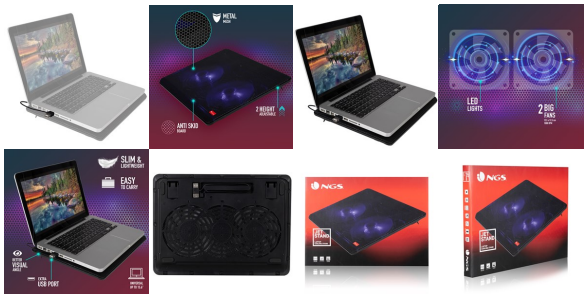
NGS COOLER JETSTAND



COOLING STAND FOR LAPTOP UP TO 15.6"

Laptop cooling stand for laptops up to 15.6" and backlighted with an attractive blue LED illumination.

This compact stand provides a proper cooling to your laptop thanks to the two silent built-in fans that maintains an adequate temperature of the motherboard.

Among its features we can find a **retractable 2.0 USB cable** with a special integrated compartment to store it, you can connect the device and the computer easily.

It also offers **1 extra USB por**t for additional USB devices that may be needed while we are working.

The two cooling fans have an output power of **1000 RPM +/-10%** and each of them are quite big: **12,5*12,5 cm**

This laptop stand is made of high-quality materials. It is equipped with a **metal mesh** top plate surface for optimized air flow and to avoid overheating of the computer case during long periods.

NGS Jetstand's dimensions are **250mm x 335mm x 25mm** and weighs only **400 g** making it one of the most lightweight coolers for its size. It is completely flat and fits easily into a backpack or briefcase which allows you to easily carry it.

Its modern and completely ergonomic design make it a practical accessory that will fit perfectly into any desktop.

Furthermore, it is equipped with a **non-slip rubber pad** that you can stick in the lower part to prevent sliding and obtaining a higher fixation.

Finally, NGS JetStand offers **two positions of adjustable inclination** to keep the laptop raised at an appropriate height that will allow you to find the perfect posture ensuring a comfortable typing.
