Product Benefits & Features

Elegant integration with a smooth glass finish
With a smooth glass surface under the pan supports, this is a hob that instantly adds glamour. Plus it fits so well into your worktop, that it forms a single elegantly integrated surface. In short, it's a hob that deserves to be built into the most high-end work surface.

- Gas on glass hob
- Steel capped control knobs
- Rotary controls
- Cast iron pan supports
- Automatic integrated ignition
- Safety gas cut off using thermocouples

New generation of Burners
The design of the speed burners in this AEG gas hob allows the flame to directly target the bottom of the pan, providing quicker heat and greater efficiency. These high speed burners get you cooking up to 20% faster.
