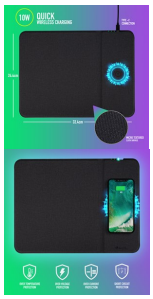
NGS WIRELESS MOUSE PAD CHARGER PIER



WIRELESS MOUSE PAD CHARGER FAST CHARGE, 10W OUTPUT

Ngs Pier is a mouse pad with integrated wireless charger for Qi-compatible smartphones.

You can load your phone while working without using an extra cable. Simply place your smartphone on the right side of the mousepad and your device wills start charging automatically.

In addition, its **rigid surface optimized** for all types of mice guarantees low friction. All mouse movements translate into precise cursor movement.

Connect 1m **Type-C cable** (included in the package) and you can start playing or working on the large surface area **(324mm x 244mm)** equipped with a non-slip base that ensures a better grip and stability.

The wireless mouse pad charger supports **5W, 7. 5W and 10W** for quick charging of all types of smartphones with built-in Qi wireless charging.

• Input: DC5V 2A, 9V 1.67A
• Output: 5V 1A, 9V 1.1A, 10W(Max), support 7.5W.

The 10W charging mode is surprisingly fast.

The electronics adjust the charging power precisely to the power required by the smartphone. This prevents overloads, short circuits and overvoltage. The charging process is immediately interrupted if metallic objects are detected in the loading area.

Finally, NGS Pier is equipped with **green LEds indicator**s that flash when the smatphone is charging.

Technical specifications

- Optimized surface for all types of mice
- Input: 5V/2A, 9V/1.67A
- Output: 10W

Package Contents

- Pier
- Type C cable
- User's manual (16 languages)
- 2 years warranty card
