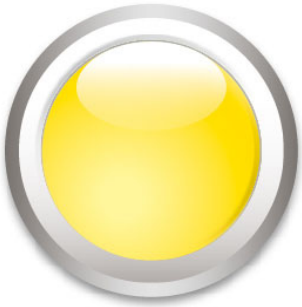
Highlights

High quality LED light

The LED technology, integrated into this Philips lamp, is a uniquely developed solution by Philips. While instantly turned on, it enables an optimal light output and brings out vivid colors in your home.

Warm white light



Light can have different color temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

Compatible with most dimmers

This Philips LED light includes the latest LED technology, working with most dimmers. Simply use your current dimmer, or any type of dimmer you want!

Perfect to relax and socialise

The living room is the heart of any home - a place where families gather to relax and guests socialise. Lighting for your living- and bedroom has to be flexible and easy to adjust to its different uses throughout the day. Careful placement of different light sources and playing with light layering helps create the feeling of space and to give the room a warm and welcoming feel.

Create a stylish atmosphere

This lamp is is a beautiful new look at timeless design. The iconic shape is an exquisite blend of past and present. Equally at home in a modern or retro interior, this light leaves you free to combine the classic with the contemporary for a home that looks – and feels – good.

High quality materials

This lamp is made of high quality materials with superior finishing. This ensures a solid and long lasting product which will enhance your home for many years to come.
