MARS GAMING

MK1 KEYBOARD

MK1 Keyboard is especifically designed for gaming, with 1000Hz Polling Rate and anti-goshting capability.

It has an awesome Customizable Graphical UI Software for macro keys (with macro recording), in order to get an advanced customization, configure user profiles an offer the full key programing sysem.

Keystroke is optimized for Gaming: gaming key-height, specially selected pressure and response switches for ultimate performance.

MK1 is engineered to last and perform thanks to its double nylon braided cable and 18K gold USB connector.

*Software compatible with Win XP, VISTA, WIN 7 32/64 Bit, WIN 8 32/64Bit.
