MPN: DKPLUG

Danish Power plug, angled White

The Danish Power Plug angled in white (DKPLUG) is a high-quality, European-designed power plug perfect for replacing worn plugs or creating custom power solutions. Featuring an angled design, this plug helps to minimize cable clutter and fit snugly in tight spaces behind furniture or equipment. Built to meet stringent Danish and European safety standards, this plug ensures a secure and reliable connection for your devices. As MicroConnect, we leverage over 20 years of expertise to bring you premium quality wiring solutions at fair prices, and this Danish power plug is no exception. Upgrade your power connections with this durable and dependable plug, providing a safe and efficient power supply for your electronic devices.
