Durable LED accent lighting with a focused bright light

Create a cool, energising ambience

Philips LED spots provide a focused bright beam, an exceptionally long life and significant energy savings.

Benefits

Create an active atmosphere

- Cool white light (4000K)

Suitable for spots and general lighting

- 36° halogen light beam

Everyday LED

- A simple LED for everyday use

PHILIPS

Features

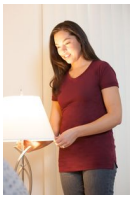
36° halogen light beam

With a familiar focused light output, equal in look and feel to halogen spots, this LED spot is suitable for both accent lighting and general-purpose lighting.

Cool white light (4000K)

Light can have different colour temperatures, indicated in units called Kelvin (K). Bulbs with a low Kelvin value produce a warm, cosier light, while those with a higher Kelvin value produce a cool, more energising light.

A simple LED for everyday use



The Philips everyday LED is the perfect bulb for basic lighting needs. It provides the beautiful light and dependable performance you expect from LED at an affordable price.

Specifications
