- Height: 51 mm
- Width: 46 mm

Bulb characteristics
- Shape: Spot
- Cap/fitting: GU5.3
- Voltage: 12 V
- Dimmable

Highlights

Bright, sparkling light
Clear halogen is a sparkling light, giving beautiful reflections where it shines, and sharp shadows where it doesn't. Philips halogen lamps give decorative light effect to your room, to bring your room to life.

Halogen contrast for focus
With the bright light of these Philips halogen lamps, contrasts get richer, letters become sharper and visibility gets better. Bright light is more relaxing for your eyes for a better focus.

Decorative accent light
This Philips lamp is perfect for home use in stylish rooms where accent lighting is required for a strong focus.

Best dimmability
This lamp can be used in combination with all dimmers and will not only turn down the light to 0% but also create a cosy atmosphere as you are used to with your incandescent.

Cool beam
The lower temperature in front of the Philips lamp, as compared to a normal reflector light bulb, minimizes the effect of heat on sensitive objects.
