

BUSINESS DEVICES THAT ARE A CLASS APART

The Lenovo V Series provides security, data protection and productivity features in an affordable package.

Lenovo V14 IML

Smarter technology for all

Lenovo

This 14” notebook is ideal for users with basic computing needs such as working with emails, documents and basic web-based productivity tools. Configure according to your budget with up to 10th Gen Intel Core processors, M.2 SSD or HDD, or even dual drive storage which combines ultra-fast M.2 SSD storage and high-capacity HDD.

REASONS TO BUY

Onboard stereo speakers delivering a combined 3W audio output and Dolby Audio technology to enhance sound quality for video, music and VOIP calls. 3x onboard USB ports and a 4in1 media card reader ensure users can plug into other storage devices and peripherals.

Design features include a large touchpad for easier scrolling and navigation, a spill-resistant keyboard, and a clean and simple aesthetic style with a choice of a metallic or patterned textured finish.

Very affordable, but with a contemporary lightweight design for portability - weighing from 1.6kg (3.53lb).
