*classic long recipe for the 30-sec brewing time
*** vs predecessor (HD6563, HD6564, HD6566)
***** Food Contact Materials (FCM) cannot be made from recycled plastic (EU Reg. 282/2008). Excl. FCM, 21% of plastic weight is recycled material

Highlights

Intensity Plus

Choose your favourite coffee effortlessly with Intensity Plus. Flick the switch to classic smooth, intense long or rich espresso, and your next cup of SENSEO® is on the way.

Reduced environmental impact

Fewer components, less energy consumption and more recycled materials ensure that it is more environmentally friendly before, during and after its life with you.

Crema Plus technology

Crema Plus technology produces the finest, most velvety crema layer for every cup of SENSEO® coffee.

Adjustable real metal spout

Adjust the spout's position to fit your favourite cup or mug.

Direct start and shut-off

The direct start makes your coffee straight after the machine has heated up. After making coffee, your SENSEO® machine switches off automatically for energy saving.

One-button simplicity

This coffee machine is designed to prepare one or two cups of delicious SENSEO® coffee with the single press of a button.

Variety of blends and flavours

The vast range of SENSEO® coffee blends contain distinctive, carefully balanced flavours to ensure that there is always a flavour that matches your taste.

Tested 10,000 times

Our appliance development is rigorous, testing with 10,000 cups of coffee to ensure maximum quality and durability.

1 or 2 cups at the same time

Prepare one or two cups of delicious SENSEO® coffee in less than a minute.
