

Kensington

iPhone 7/8 Privacy Screen Protector

Keep your iPhone screen private, protect it from drops and scratches.

K51301EU

Product Description

Safeguard your iPhone’s on-screen data from visual hacking and protect your screen from drops and scratches with the iPhone 7/8 Privacy Screen Protector. See everything on your display clearly, while those next to you see only a darkened screen. Tempered glass with 9H hardness is three times better at resisting scratches than standard tempered glass. Anti-shatter, anti-shock nano film layer protects against drops for ultimate device safety. Special Anti-Fingerprint coating minimises fingerprints, while fewer bubbles make installation frustration free.

Features

- Privacy glass narrows the field of vision on the screen to +/- 30 degrees, helping keep the information on your screen private and reducing the risk of a visual data breach.
- Tempered glass with 9H hardness is three times better at resisting scratches than standard tempered glass.
- Special Anti-Fingerprint coating minimises fingerprints and smudges, without compromising touchscreen performance.
- Anti-shock, anti-shatter nano film layer protects against drops, for ultimate device safety.
- High-tech silicone adhesive reduces bubbles, making installation frustration free.
