NGS MICROPHONE MS 115

JACK 3,5MM DESKTOP MICROPHONE METAL FLEXIBLE ARM-MUTE BUTTON

NGS MS-115, a stylish desktop microphone for gaming and video conferencing.

This practical **omnidirectional** microphone is made up of a flexible gooseneck and a **non-slip** base for greater stability.

You can adjust it both its height and position for a better sound.

The adjustable angle makes it perfect for chatting, playing games, video conferences... in short, it is a multi-functional device which is a must have for your desktop.

It has a **3.5 mm jack connection,** making it ideal for laptop use and also includes a female jack to dual male jack adapter for PC use. Its 1.5 m cable allows for greater freedom of movement.

MS-115 filters out unwanted background noise and delivers exceptional **sound clarity**.

It has a very practical **MUTE button** (to turn the microphone on and off), which is especially useful when you have to mute for a few seconds if, for example, you get a call on your mobile phone during a video conference.
