8000 Series Heat pump Tumble Dryer 8.0 kg

T8DEA866C

It's the wool sweater guardian
Now you can tumble dry everything you wash. From the softest wool sweater to an everyday business shirt or ski jacket. Dryers with the AbsoluteCare® System have tailored programming to precisely control the movement and temperature of the drying cycle. Preventing shrinkage*. Maintaining shape. Restoring waterproofing. Redefining

Now you can tumble dry everything you wash. From the softest wool sweater to an everyday business shirt or ski jacket. Dryers with the AbsoluteCare® System have tailored programming to precisely control the movement and temperature of the drying cycle. Preventing shrinkage*. Maintaining shape. Restoring waterproofing. Redefining

Product Benefits & Features

Bespoke protection for your clothes
The programmes in our unique AbsoluteCare® system precisely control the movement and temperature of the drying drum. Woolens are kept flat against the drum to replicate flat drying. Outdoor garments are given just the right amount of heat to restore the full functionality of their waterproof membrane. Every fabric gets the right

Safe, low temperatures
AEG SensiDry technology draws moisture out of fabrics at half the temperature of conventional tumble dryers, without significantly extending the drying time. This ensures that fabrics are never subject to unnecessary heat. Your clothes will keep the textures they had the day you bought them, for

Meet the small print expert. Connect your washer to an app
Connect appliances to the app for a smarter, faster way to superior care. The Care Advisor uses AEG expertise to recommend the best program for garments, so that even woollens, silks and handwash-only delicates can be cleaned with confidence. 48 fabrics and 40 stains can be treated efficiently. All

Saving you time and energy every day
Our dryers feature ProSense technology, which uses advanced humidity and temperature sensors to adjust the drying time and energy consumption for every size of load - whether it's a day's or a week's worth of washing. This saves time and energy, while gently protecting the clothes that you love and

Shorter drying cycles, better care
Thanks to improved air flow design, AEG dryers dry faster and more efficiently than conventional heat pump driers. So your clothes are better cared for even though the drying cycles are shorter.

- LogiControl touch LCD
- Fewer loads and less hassle, saving upto 50% in energy used.
- Heat pump condenser dryer
- ProTex soft drum
- Delay start option
- Sensor dryer
- Bed linen programme
- Cotton programmes
- Synthetics programmes

8000 Series Heat pump Tumble Dryer 8.0 kg

Product Specification

Second Generation Energy Class	A+++	Woolmark	Woolmark Blue
Condensation efficiency	B	Included accessories	Direct drain hose
Weighted condensation efficiency	86	Optional Accessories	Stacking kit
Energy cupboard dry 1000	1.47	Program Description	English
Annual energy consumption, kWh	177	ProdPartCode	All Open
DryingTechnology	Heat pump		
Drying Capacity (kg)	8.0		
Drum volume	118		
Sound Power Level	65		
Dimensions (mm) (HxWxD)	850x596x638		
Depth max, mm	663		
Cord Length	1.45		
Voltage	230-240		
Required Fuse	13		
Frequency	50		
Motor System	Inverter		
Door hinges	Left reversible by user		
Tank Capacity	5.28		
Conditioning	Bed linen, Cotton ECO, Cottons, Duvet, Easy iron, Jeans, Mix, Outdoor, Refresh, Shirts, Silk, Synthetics, Wool, Sports		
Cotton Program	Cupboard dry plus, Extra dry, Iron dry		
Synthetics Program	Cupboard dry, Extra dry, Iron dry
