Product Benefits & Features

Dual technology for sensitive care
Our DualSense Technology tailors the temperature and motion of the drum to different fabrics and adjusts programmes accordingly. Lower heat and controlled movement mean that everything from delicates to outdoor wear can be carefully and washed in one go. Both washing and drying cycles are certified by Woolmark Blue to safely

Adjusted cycles for absolute convenience
ProSense Technology® automatically adjusts washing and drying times to the size of the load. Enabling convenient and economical cycles – saving on time, energy and water – whether the load is small or big.

Just an hour for ready-to-wear results
The NonStop 60 Minute programme takes just an hour to wash and dry small loads. Meaning ready-to-wear results on-demand. And you benefit from the most convenient way to care for your clothes – without compromise.

ULTIMATE FLEXIBILITY FOR DAILY CONVENIENCE
Take control with the Wash & Dry mode button: choose one comprehensive wash and dry cycle so that clothes are cleaned in one go; or select separate wash and dry cycles to suit. The ultimate flexibility from an excellent washer dryer.

SMOOTHEN WITH STEAM FOR LESS IRONING
The steam programme from relaxes the fibres in your clothes to reduce wrinkles and avoid ironing. Ensuring they look and feel better for longer. The option to quickly refresh clothes without putting them through comprehensive cycles also means they stand the test of time with less exposure to temperature and motion.
