Shaver series 9000

Precision, control and maneuverability are the defining features of the 9000 shaver. The V-Track system guides hairs into the best cutting position for the closest result, while fully flexible eight directional heads catch more hairs for a clean shave in fewer strokes. The "AquaTec Wet & Dry" seal of this shaver allows for a comfortable dry shave or a refreshing wet shave, using a shaving gel or foam for extra skin comfort.
