ChopDrop Technology

Unique Multichopper accessory with Chopdrop technology and ultra sharp blades, allowing you to chop all kinds of ingredients like a chef. The uniquely designed chamber keeps the ingredients in while the three blades are chopping. Once the pieces reach the optimal size, they are dropped in the bowl: dry and regular every time. Perfect for onions, but also other vegetables, fruit, cheese, nuts and more, for the most delicious homemade salads

Fine chopping with HS blade

Like any other chef, the Philips MultiChopper, with its additional high speed chopping blade, allows you also to achieve finely chopped results with a large variety of ingredients, such as meat, nuts, dried fruit, herbs, Parmesan, chocolate and more. Finely mince meat for steak tartare, meatballs, Bolognese sauce or tacos; prepare homemade pesto and hummus, energy bars or simply a fresh dressing for your favourite salad.
