

Clock Radio

- Mirror finish display
- FM, Analogue tuning
- Dual alarm

AJ1000/37

Rise and shine

to your favorite radio tune

Rise to your favorite radio station or alarm tones. This elegant Philips Clock radio with mirror-finish display lets you preset two alarms that wake you and your partner at different times. Rise gently each day with a smile.

Benefits

Start the day your way

- Wake up to your favorite radio tune or a buzzer
- Repeat alarm for additional snooze
- Gentle wake for a pleasant wake up experience
- FM tuner for radio enjoyment
- Dual alarm to wake you and your partner at different times

Easy to use

- Sleep timer for easy falling asleep to your favorite music
- Adjustable display brightness for comfort viewing

PHILIPS

Features

Wake up to radio or a buzzer

Wake up to sounds from your favorite radio station or a buzzer. Simply set the alarm on your Philips Clock radio to wake you with the radio station you last listened to or choose to wake up with a buzzer sound. When the wake up time is reached, your Philips Clock radio will automatically turn on that radio station or trigger the buzzer to sound.

Repeat alarm

To counter oversleeping, the Philips Clock radio has a snooze feature. Should the alarm ring and you wish to continue sleeping a bit longer, simply press the Repeat Alarm button once and go back to sleep. Nine minutes later the alarm will ring again. You can continue to press the Repeat Alarm button every nine minutes until you turn off the alarm altogether.

Gentle wake

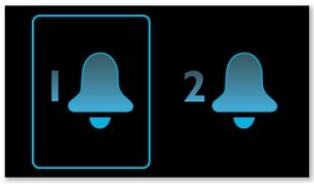

Start your day right by waking up gently to a gradually escalating alarm volume. Normal alarm sounds with a preset volume are either too low to wake you up or are so uncomfortably loud that you are rudely jolted awake. Choose to wake up to your favorite music, radio station or buzzer alarm. Gentle wake's alarm volume gradually increases from subtly low to reasonably high in order to gently rouse you.

Sleep timer

Sleep timer lets you decide how long you want to listen to music, or a radio station of your choice, before falling asleep. Simply set a time limit (up to 1hour) and choose a radio station to listen to while you drift off to sleep. The Philips radio set will continue to play for the selected duration and then automatically switch to a power-efficient and silent stand-by mode. Sleep Timer lets you fall asleep to your favourite radio DJ without counting sheep, or worrying about wasting power

Dual alarm

The Philips audio system comes with two alarm times. Set one alarm time to wake you up and the other time to wake up your partner.
