- Packaging dimensions (WxDxH): 196 x 130 x 70 mm
- Product weight: 0.36 kg
- Weight incl. Packaging: 0.62 kg

Highlights

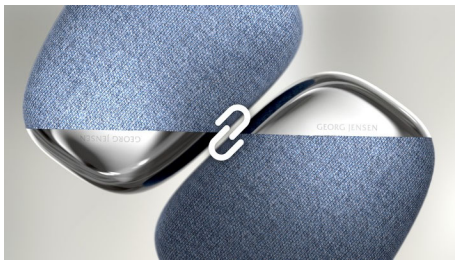
Tactile harmony

Designed together with Georg Jensen, this small, curved Bluetooth speaker is simple yet striking. The polished-steel top plate contrasts beautifully with the tactile Kvadrat speaker fabric. Discreet brand signatures nod subtly to Philips and Georg Jensen.

Kvadrat speaker fabric

This speaker is covered with a premium speaker fabric created by high-end manufacturer Kvadrat. The beautiful wool-blend material is acoustically transparent, allowing the sound to flow freely from the speaker into the room.

6 hours of play time



The battery gives you 6 hours of play time from a full charge and there are buttons on the speaker for volume control. You can pair with an identical Philips Georg Jensen speaker to enjoy your music in stereo. Simply press and hold the power button for 2 seconds.

A stylish companion
With its curved form and eye-catching contrasts, this speaker makes a beautiful impression. The Kvadrat speaker fabric has the added bonus of making the speaker easy to grip when you pick it up.

Easy Bluetooth pairing
Pairing with your Bluetooth device is simple and the speaker remembers the last device it was paired with. The wireless range is up to 20 m and charging the speaker takes 2 hours via the included USB-C cable.

IPX7-rated internal speaker
The IPX7 rating means the internal speaker driver can be submerged for up to 30 minutes at a depth of up to 1 m. The wool-blend Kvadrat speaker fabric is not waterproof but can withstand a drop or two of rain.
