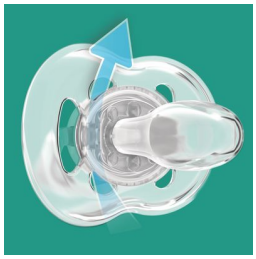
Highlights

Bite resistant nipple

This pacifier's bite resistant nipple is designed especially for older babies.*

Extra airflow



Skin needs to breathe, especially your little one's. Our shield has 6 air holes for extra airflow, designed to reduce skin irritation.

Made in the UK

You can be sure that your little one's comfort is in good hands. This pacifier was made at our award-winning site in the UK.*

Security handle

Our security handle lets you easily remove your baby's pacifier at any time. Even little hands can grab it!

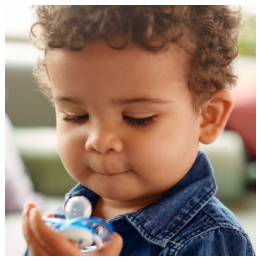
Snap-on cap for hygiene

When the pacifier isn't in use, simply snap on the cap before storing to keep the nipple safe and clean.

Easy to sterilize

Keeping your little one's Soothies and pacifiers clean is easy. Simply put them in your sterilizer or submerge in boiling water.

Advice on de-soothing



Our Parent Infant Clinical Psychologist shares friendly methods and helpful tips about de-soothing on www.philips.com/sootherfree. These tips and tricks will help your child with the transition to become pacifier free.
