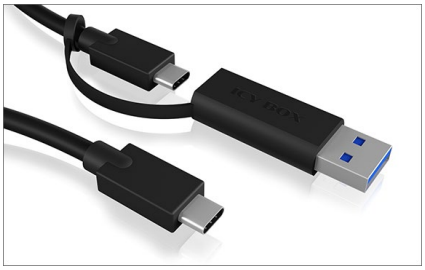
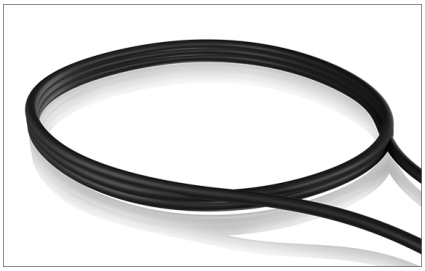
ICY BOX **IB-CB031**
Full-Featured USB 3.2 (Gen 2) Type-C® cable



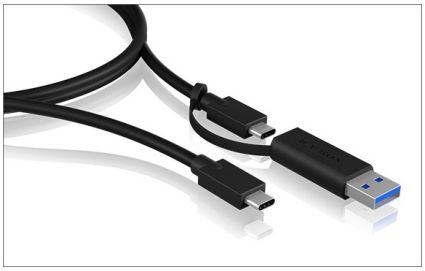
Powerful USB-C cable

If the host computer and peripheral device have USB 3.2 (Gen 2), the IB-CB031 from ICY BOX® is a versatile helper. With DisplayPort™ Alt Mode, it transmits video signals, supports Power Delivery up to 100 W and transfers data at speeds of up to a blazing 10 Gbit/s.



Highest flexibility

If you are already impressed by the variety of transmission possibilities, then you should read on. Because at 100 cm, the IB-CB031 is long enough to connect devices at your workplace. And with the integrated adapter to USB Type-A, the cable fits in the majority of cases.



Reliable connection

Windows, macOS, Android ... regardless of the operating system, the IB-CB031 cable from ICY BOX® reliably connects your devices with USB Type-C® port. MacBook, Surface and even common smartphones are no problem. The Type-C connectors fit perfectly without wobbling and always provide a secure connection.
