- Fully waterproof

Comfortable shave
- Unique OneBlade Technology
- Click-on skin guard for sensitive areas
- Adjusts to every curve of your face

Sharp edges
- Create precise edges & sharp lines with the dual-sided blade

Even trim
- 5-in-1 adjustable comb
- Click-on body comb (3 mm)

Highlights

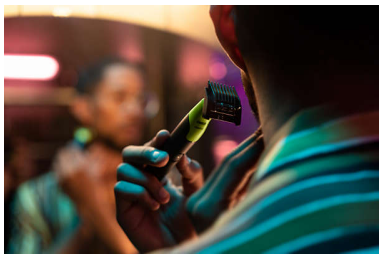
Unique OneBlade Technology

Philips OneBlade has a revolutionary technology designed for facial styling and body grooming. It can shave any length of hair. Its dual protection system—a glide coating combined with rounded tips—makes shaving easier and more comfortable. Its shaving technology features a fast-moving cutter (6000 x per min) so it's efficient, even on longer hairs.

Innovative 360 Blade

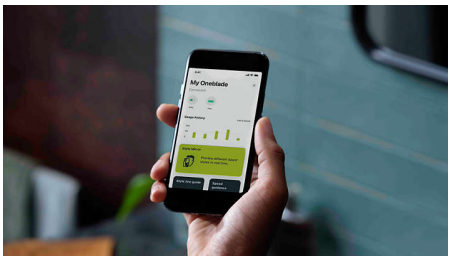
The innovative 360 blade can flex in all directions to adjust to the curves of your face. The design enables constant skin contact and control. So you can easily trim and shave even the most difficult-to-reach areas - to get the job done with fewer passes and greater comfort.

Trim away



Unique open comb design for an efficient trim without clogging and interrupting your routine - even on long and thick hair.

Philips Daily Care app

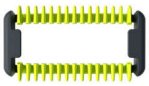


The free Philips Daily Care app is your ticket to styling and performance. Try on facial hair styles using augmented reality and get step-by-step guidance that includes a handy live beard-line previewer. Know when to switch up a blade or charge up the battery. And get personalised recommendations based on your actual grooming routine.

Dual-sided blade

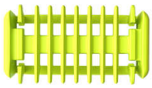
OneBlade follows the contours of your face, allowing you to easily and comfortably shave all areas. Use the dual-sided blade to style your edges and create clean lines by moving the blade in any direction.

Click-on skin guard



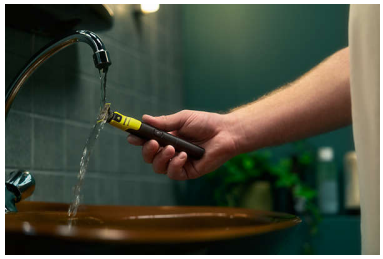
Attach the skin guard for an extra layer of protection on sensitive areas.

Click-on body comb



Attach the body comb (3 mm) for an easy trim in any direction.

Wet and dry



OneBlade is fully waterproof, so it is easy to clean: just rinse it under the tap. You can shave wet or dry and even in the shower - whichever you prefer. No shaving foam needed.

60 min Li-Ion battery

Rechargeable Li-ion battery delivers 60 minutes of constant shaving power after a 1 hour charge.

USB-A charging

Can be charged at home or on the road, perfect for your daily routine and for travel. Power adapter not included.
