Less hair damage
- ThermoProtect temperature setting

Easy to use
- 1.8m cord for maximum flexibility
- Easy storage hook for convenient storage

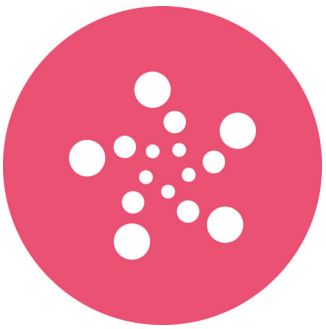
PHILIPS

Hairdryer
DryCare Essential Ionic

BHD030/00

Highlights

Ionic conditioning



Give your hair instant care with ionic conditioning. Charged negative ions eliminate static, condition your hair, and smooth the hair cuticles to intensify hair's shine and glossiness. The result is smooth and frizz-free hair with beautiful shine.

ThermoProtect temperature

The ThermoProtect temperature setting provides the optimal drying temperature and gives additional protection from overheating the hair. With the same powerful airflow, you will get the best results in a caring way.

2000W

This 2000W hairdryer creates the perfect level of airflow and drying power, for beautiful results every day.

Accurate control

Easily set and control the heat and speed settings to create the perfect style. Choose from 3 heat and 2 speed settings for full control and precise drying and styling

11mm narrow concentrator

The 11mm opening of the concentrator focuses the flow of air for precision styling on specific areas. The ideal attachement for brushing while drying and styling.

Cool Shot sets your style

A must-have professional setting, the Cool Shot provides a burst of cold air. Use after styling to set and finish your style.

1.8m cord

1.8m cord.

Easy storage hook

A rubberized hook can be found on the base of the handle. Use to store easily at home or if staying at a hotel.
