Highlights

Charge from a car's 12V outlet

The compact charger plugs into a car's 12V outlet, and connects to your device for easy and convenient charging on the road.

Delivers more power

Don't sit around waiting for your device to charge! The higher power output of this charger ensures your device is fully charged in a shorter amount of time compared to standard, less powerful chargers.

Intelligent status light
The 3-stage light glows to indicate charging status at a glance: White or Red = Plugged in, Yellow = Charging, Green = Fully Charged.

Replaceable safety fuse
The car charger features a replaceable safey fuse which protects your device against electrical surges in your car.

Coiled cable
A coiled cable means convenient access to your device as well as less cable clutter.
