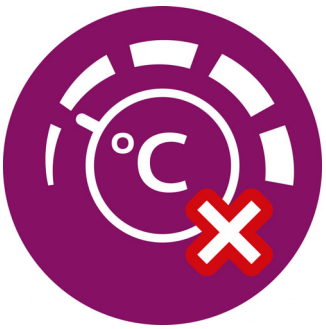
Highlights

Ultra powerful steam

An ultra-fast ironing experience can be yours with revolutionary technology. The powerful and continuous steam tackles even rough creases, and thicker fabrics are smoothed out with ease and speed. Plus there's an extra steam boost if needed, perfect for vertical steaming or stubborn creases.

OptimalTEMP technology



With OptimalTEMP technology you'll no longer have to waste time changing temperature settings, waiting for the temperature to adjust or pre-sorting clothes. Iron fabrics from jeans to silk, with guaranteed no burns thanks to the perfect combination of temperature and continuous powerful steam.

Safe rest

Innovative OptimalTEMP technology guarantees no burn on all ironable fabrics. As well as the reassurance this provides whilst ironing, it also means you can leave the hot iron soleplate directly on your cotton ironing board without causing any damage. This helps to reduce any discomfort to your wrists, as you won't need to lift the iron to and from its base as often

Tested and approved

This iron is tested and approved by independent textile expert institutes such as DWI, IWTO and Woolmark, for its excellent ironing performance. The Woolmark Apparel Care program helps consumers identify quality laundry products that are approved by The Woolmark Company for use on wool products. Philips with its exclusive OptimalTEMP technology is so far the only ironing brand able to be certified with the Gold standard from Woolmark. You can be confident that our Woolmark-approved apparel care products are ideally suited for any wool garments.

Ultra-lightweight iron

Your steam generator's iron has the ideal weight: amazingly light weight and comfortable to handle. It glides easily over your garments, removes the toughest creases in no time, and reduces stress on your wrist. It makes also vertical steaming very easy and effective. You can now comfortably & effectively remove the creases of your delicate, like silk blouse, dresses, and jackets and even difficult to iron garments with pleats, decorations, buttons etc in a vertical way.

1.8 L detachable water tank

The detachable water tank allows you to easily refill anytime without stopping the appliance. It has a large filling hole so you can simply fill the water tank under the tap. It has a 1.8 L capacity, so you get the convenience of up to 2 hours of continuous use, with no need to top-up the tank.

Specifications

Technology
- Cyclonic steam chamber
- For all ironable fabrics
- No burn
- No temperature setting needed
- OptimalTEMP Technology
- Smart Control Processor

Fast crease removal
- Continuous steam: Up to 145 g/min
- Power: Max 2400 W
- Pressure: Max 7.2 bar
- Ready to use: 2 min
- Steam boost: Up to 490 g
- Steam-on-demand
- Variable steam levels
- Vertical steam
- Voltage: 220 - 240 V

Easy to use
- Safe on all fabrics: Even delicates like silk
- Soleplate gliding performance: 5 stars
- Soleplate name: T-ionicGlide
- Water tank capacity: 1800 ml
- Cord freedom (swivel): 360 degree cord freedom
- Detachable water tank
- Hose length: 1.7 m
- Low water alert
- Power cord length: 1.8 m
- Precision steam tip
- Ready to use: Light indicator, Sound indicator
- Refill any time during use
- Safety auto off
- Soleplate scratch resistance: 5 stars
- Tap water suitable
- Heat up time: 2 min
- Extra large filling hole

Scale management
- Descaling and cleaning: Easy De-calc Plus
- Descaling reminder: Light, Yes

Storage
- Carry lock: For transportation and safety
- Cord storage: Cord storage compartment, Velcro fix
- Hose storage: Hose storage compartment

Size and weight
- Packaging dimensions (WxHxL): 31 x 35 x 51 cm
- Product dimensions (WxHxL): 23.3 x 28.5 x 45.3 cm
- Weight of iron: 0.8 kg
- Weight of iron + base: 5.1 kg

Guarantee
- 2 year worldwide guarantee

Green efficiency
- Energy saving mode
- Product packaging: 100% recycable
- User manual: 100% recycled paper
