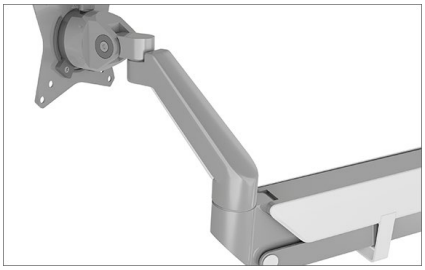
ICY BOX **IB-MS514-TSS**
Monitor stand with table mount for two monitors up to 32" (81 cm)



Space-saving

Thanks to its slim design, the IB-MS514-TSS is perfect for smaller workspaces despite the use of two monitors. With three joints each, the monitor arms can be moved to almost any position and ergonomically adapt to the individual viewing direction through tilt and height adjustment.

Where are the cables?

With Easy Cable™ Management, the monitor cables can be cleverly arranged along the monitor arms. This keeps your workspace visually appealing and prevents cables from getting tangled with other work utensils. The ability to move the monitor arm joints is not impaired by the cable management.

Firmly and securely mounted

If your desk has a cut-out, you can securely attach the dual monitor arm to tabletops with a thickness of 10 to 80 mm using a table grommet. For tabletops with a thickness of 10 to 85 mm, you can alternatively mount it using a clamping foot, accessories are included.

Logistical data

Packing unit:	4 pcs./carton	**Dimension/carton:**	420x550x320 mm
Total weight:	24.60 kg/carton	**Dimension** (with packing)**:**	270x400x145 mm
Gross weight (with packing)**:**	6.00 kg	**Dimension of article:**	100x1074x509 mm
Net weight:	5.25 kg	**Country of origin:**	China
