PRODUCT BENEFITS

Perfect crease removal
Experience effortless smoothness with powerful 360° suction that pulls fabric against the soleplate, ensuring each stroke delivers perfect and easy crease-free results.

Instant-ready steaming
Ready in 35 seconds, Optiflow suction technology speeds up every session, helping you get through garments quickly and save time every day.

No ironing board
Effortless to set up, with no need for an ironing board, enjoy a lightweight ergonomic grip that makes one-handed touch-ups feel entirely easy and straightforward.

All ironable textiles
Three modes for one perfect finish. Steam-only for delicate fabrics, soft suction for mid-weight materials, and turbo suction for thicker fabrics like shirts and jeans.

Long autonomy
Steam for longer with up to 14 minutes of uninterrupted steam, and refill the water tank quickly and easily with the included water cup.

Filter maintenance
The integrated filter captures lint and fabric residue. Simply cleaning it regularly keeps your steamer performing at its best and lasting longer.

Immediate wearability
Clothes are pleasantly dry and ready to wear immediately after steaming thanks to heated soleplate technology that reduces moisture.
