- Product dimensions (WxDxH): 268 x 385 x 285 mm
- Packaging dimensions (W x H x D): 358 x 447 x 340 mm

Highlights

Bring the beats
With powerful sound and big, pumping bass, this powerful speaker can fill the room with beats. 14 hours of play time from a single charge lets you rock the tunes all night.

Blaze to the music
Get everyone up and dancing with party light effects. Coloured lights on the speakers pulse in time to the music, flash in different orders or stay on with a steady glow.

Sing it. Play it.
Mic and guitar inputs (6.3 mm) let you take the party up a notch. Sing to a playlist or rock out to your own playing. You can even fade out the vocals of a song you're singing along to so only your voice is heard. Fun karaoke effects give you the ability to add echo to the vocals or switch vocal sounds from female to male and back again!

Take the party with you
The built-in carry handle means you can play wherever you like. Take the tunes to a friend's house. Set up on the basketball court. You can even pair with another Philips TANX100 party speaker using the 3.5 mm line-in connection.

Big sounds, easy pairing
Pairing with your Bluetooth device is simple. Just press the Bluetooth button and the speaker is ready to pair. The wireless range is 10 m.
