- Loud and clear sound

Versatility

- Bluetooth streaming
- Swipe sensor to skip songs
- Built-in mic for speakerphone
- Voice prompt for feedback

Portability

- Built-in lithium battery
- Play anytime, anywhere

PHILIPS

Features

Powered by 2 neodymium drivers

It is built with 2 neodymium speaker drivers and wOOx system; simply the great sound you could ever expect from a speaker that small. Big sound, shocking clarity and deep bass to allow you to enjoy the best sound performance anywhere.

Bluetooth portable speakers

Bluetooth is a short range wireless communication technology that is both robust and energy-efficient. The technology allows easy wireless connection to other Bluetooth devices, so you can play your favourite music from any smartphones, tablets or even laptops including iPod or iPhone on Bluetooth-enabled speaker easily.

Motion sensor

SHOQBOX is equipped with a motion sensor. Simply swipe over the sensor from left to right or right to left, to skip to the next or last track. Put your hand over the sensor for a second to pause the music. Do it again to put it back on. Easy gesture control allows you to control your music the simplest way.

Built-in mic

With its built-in microphone, it also works as a speaker phone. When a call comes in, the music is put on pause and you can talk via the speaker. Call for a business meeting. Or call your friend from a party. Either way, it works great.

Voice prompt

The voice prompt is available in different languages. It gives instant feedback on battery level or alert whether the speaker is connected properly to your device.

Pairing 2 shoqboxes

You can pair 2 SHOQBOX speakers with the smart sensor for a stereo system of Left and Right channels. Simply place the two speakers side by side and swipe your hands over both sensors from outside simultaneously. Perfect for a party or gathering. Enjoy big stereo sound from music, movies and games.

Specifications

Please note that this is a pre-sales leaflet. The contents of this leaflet reflect the best of our knowledge per date and country mentioned above. The contents of this leaflet are subject to change without notice. Philips does not accept any liability as to the contents of this leaflet.
