Highlights

Detachable ear hooks
For light- to medium-intensity workouts, detachable wing tips keep the fit secure. When you're up for a harder session, switch to the detachable ear hooks! The earbuds have no ear tips, so you won't feel anything in your ear canal, and there's no sensation of pressure.

Reflective Kevlar cable
No matter what the day brings, these Go series headphones won't falter. A reflective, durable Kevlar cable ensures you're always visible. A shirt clip attaches the cable to your workout gear, so you won't be bothered by bouncing wires.

IP57 dust/water protection
An IP57 dust- and water-protection rating means these sports headphones can take on the hardest workout. Enjoying your workout playlist too much to stop listening? You can even keep the headphones on in the shower.

Easy control and pairing
Controls on the earbuds let you pause your playlist, take calls, control volume, and wake your phone's voice assistant. The headphones are ready to pair the instant you switch on Bluetooth.

Open acoustics
Perfectly tuned 13.6 mm neodymium drivers deliver the bass to keep you going. The open acoustic design lets you hear external sound as well as your tunes. You'll stay aware when you're training, or if you're walking in the park.

10 hours of play time
With 10 hours play time from a single charge, these wireless headphones are with you for anything. A full charge takes less than 2 hours. Need an extra boost? 15 minutes charging gives you an extra hour of play time.
