Thin TV - Big sound
- Powerful Sound Processing for uncompromised sound clarity

PHILIPS

Highlights

Curved TV
You live life your way…isn't it time you had a TV that matched your unique style? Our Curved TV bends the rules of conventional design to bring you a bold, modern look. Combined with a high level of picture quality, its all you've come to expect from Philips TV.

Curved Arc Chrome edge stand
Inspired by architecture, Philips Arc stand has a modern, balanced, open design. The high quality polished chrome finish and elegant arch effect add an air of style to any room.

Pixel Plus Ultra HD
Experience 4K Ultra HD sharpness with the Philips Pixel Plus Ultra HD engine. It optimizes picture quality to deliver smooth, fluid images with incredible detail and depth – Enjoy sharper 4K images with brighter whites and blacker blacks every time.

High Dynamic Range Plus
High Dynamic Range Plus is a new video standard. It redefines in-home entertainment through advances in contrast and color. Enjoy a sensory experience that captures the original richness and liveliness, yet accurately reflects the content creator's intent. The end result? Brighter highlights, greater contrast, a broader range of colors and detail like never before.

Smart TV
Discover a Smarter experience that lies beyond traditional TV. Rent and stream movies, videos or games from online video stores. Watch catch-up TV from your favorite channels and enjoy a growing selection of online apps with Smart TV.

Quad Core technology
Philips Quad Core processor integrates Quad Core GPU to deliver an exciting viewing experience. With Philips smart TV you'll navigate, launch apps and play videos in a way that is super fast, super intuitive, and super fun.

Sound processing
A gust of wind, a leaf hitting the ground, the sound of tires zooming down a windy road. It is the little details that bring the picture to life. Philips Sound Processing brings these details together with uncompromised sound clarity. Hear everything as the director intended with studio-grade sound mixing that supports original audio content, and enhances sound when needed. Deep bass, clear dialogue, and amazing accuracy is just the start.
