

MAINSTREAM COMPUTING FOR A VARIETY OF BUSINESS USES

Lenovo V Series desktops offer exceptional value for money, and are available in a range of sizes and performance configurations to meet the varying needs of your workforce.

Lenovo V55t-15ARE

Smarter technology for all

This desktop is a great choice for refreshing old devices or supporting the needs of an expanding workforce. Behind the modern, professional design, is a desktop built for today's business environment of office productivity and cloud-based apps. Everything works faster and easier with the latest storage technologies, up to AMD Ryzen 7 processor, a self-help software tool, and plenty of USB ports for connecting office peripherals and charging mobile devices.

REASONS TO BUY

Configure with M.2 PCIe SSD; it is the fastest storage technology available today, allowing the device to boot faster and enabling instant access to files for enhanced efficiency.

Educate your users about Lenovo Vantage; our app for users to self-service minor issues before asking for technical support. Run device diagnostics, update drivers, remove unnecessary files, and more.

An energy efficient desktop with EPEAT Silver and Energy Star 7.0 certifications.
