UPC#	085896382393
Unit quantity	1

Case information

Depth	17.25"
Width	10"
Height	5.88"
Gross weight	15.20lbs
UPC#	50085896382398
Unit quantity	4

Shipping Information

Country of origin	CN
Minimum Order Quantity	4
Warranty Period	36
Lowest possible unit	Case

General information

Color	Silver
Moore #	KMW38239US
Layer/Pallet	8
Cases/Layer	10

Product Description

For over 35 years, Kensington has been The Professionals' Choice for desktop productivity solutions. Continuously supporting the most advanced technology, Kensington has engineered the game-changing SD5000T Thunderbolt 3 Docking Station. Whether you're a video editor, graphic designer, content creator, gamer, or just someone who wants to simplify a 4K workspace, you get more—more speed, more pixels, more power, and more possibilities. Accommodating a single Thunderbolt 3 cable carrying up to 40Gbps of data, which is enough bandwidth to simultaneously run two 4K monitors at 60fps, while also providing up to 85W of laptop charging, the SD5000T Thunderbolt 3 Docking Station is a power user's solution for hyper-productivity.

Features

- "Thunderbolt™ 3 Technology brings the speed and versatility of Thunderbolt to USB-C by allowing a single compact port to do it all – providing connectivity to Thunderbolt devices, billions of USB devices, and any display – all while supplying power".
- 3.5mm Headphone & Microphone Jacks provide quick access to plug & play accessories.
- 4K for Dual Monitors provides the crisp resolution, contrast and color depth of Ultra HD simultaneously on two monitors (4096 x 2160 30bpp @ 60 Hz) via DisplayPort and a USB-C video adapter.
- 85W Power Delivery to charge the host device (Host device must be designed to support Power Delivery for dock to provide charging).
- DisplayPort++ allows connection to 4K monitors via DisplayPort or optional passive adapters to connect to monitors with HDMI or DVI.
- USB Ports/2.1A Charging Port extends productivity capabilities to peripheral accessories via one USB-C 5Gbps port, and two USB 3.0 ports, one of which is a 2.1A charging port to power up a tablet or smartphone.
- Zero Footprint Mounting provides the option to attach the dock to the back of any VESA-compatible external monitor to accommodate space-challenged workspaces (mounting plate (K33959WW) sold separately).
- Daisy Chaining allows connection for up to 5 additional Thunderbolt-enabled devices for unparalleled productivity from a single Thunderbolt 3 port.
- Kensington Security Slot protects your technology investment via easy implementation of a cable lock from the #1 brand in physical device security.
- Gigabit Ethernet Port provides a reliable 1Gb wired networking connection between computers or the Internet.

Specifications

- **Brand** Apple
- **Compatibility** Mac OS X 10.11, Mac OS X 10.10, Mac OS 10.9, Mac OS Sierra 10.12, Mac OS
