Sound that fits your home

Obsessed with sound

Compatible with the iPhone 5's Lightning connector, this Philips micro sound system features wOOx technology, delivering powerful bass. The angled speaker design gives a wide stereo audio experience and the mono block design fits any home.

Enrich your sound experience

- wOOx™ loudspeaker Technology for deep and powerful bass
- 50W RMS maximum output power

Enjoy your music from multiple sources

- Fast charging and play music via Lightning connector
- Play MP3/WMA-CD, CD and CD-RW
- USB Direct for MP3/WMA music playback
- Audio-in for portable music playback
- Digital tuning with preset stations for extra convenience

Design that blends into your interior

- Mono block design to fit in anywhere at home

PHILIPS

Micro music system
with Lightning connector for iPod/iPhone, CD, MP3-CD, USB, FM, 50W max, Bass radiator

DCM3155/12

Highlights

Play and charge via Lightning

Enjoy your favorite music while charging your iPod/iPhone via the new Lightning connector! Just dock it directly on the speaker to play your hand-picked tunes in superb sound. It also charges your device quickly while playing, so you don't have to work about the battery running out.

wOOx™ Technology

wOOx technology is a revolutionary loudspeaker concept that allows you to hear and feel profoundly deep bass that is richer than any other audio system. Special speaker drivers work in harmony with the wOOx bass radiator, and precise tuning between the main driver and the tweeter ensures smooth transitions from low-mid to high frequencies. Dual suspension and a totally symmetrical sandwich construction deliver low and precise base without noticeable distortion. wOOx produces exceptionally deep and dynamic bass by using the speaker box full volume to truly magnify the impact of the music.

USB Direct

With the USB Direct mode, simply plug in your USB device to the USB port on your Philips device and your digital music will be played directly from the Philips device.

Audio-in

The Audio in connectivity allows direct playback of Audio in content from portable media players. Besides the benefit of enjoying your favorite music in the superior sound quality delivered by the audio system, the Audio in is also extremely convenient as all you have to do is to plug your portable MP3 player to the audio system.

Micro music system
with Lightning connector for iPod/iPhone, CD, MP3-CD, USB, FM, 50W max, Bass radiator
