Antimicrobial silicone protection

Waterproof - compliant with IP68

With blue backlight

KSK-5231INEL

Waterproof Mini Size Industrial Keyboard

Ergonomically designed silicone coated keyboard with 88 keys incl. 12 FN keys and a multi-finger touchpad. The KSK-5231INEL has an excellent tactile feedback and is waterproof to IP68 norm and can therefore even be immersed in liquids.

The surface of the KeySonic keyboard is equipped with a special coating and therefore has a good mechanical and chemical resistance so that you can work with standard disinfectants and the keys print will not fade.

The integrated touchpad enables the use of the KeySonic keyboard without any external, additional mouse. This is both a cost and a practical advantage, due to the fact that the touchpad is easy to operate correctly both with and without rubber gloves. Considering from an economic and hygienic point of view, the KeySonic keyboard is the correct choice!

KeySonic™ … touch the difference

Technical data	
Model	KSK-5231INEL (DE)
Article No.	60157
EAN code	4250078164944
Brand	Keysonic
Colour	Black
Material	Plastic, silicone
Surface-finishing	100% Silicone rubber
Interface	USB Type-A
Cable length	1.8 m
Key count	88
Construction	Soft-Touch membrane technology
Life expectancy	approx. 2 million strokes per key
Switch travel	1.5 ± 0.5 mm
Pressure point	120 ± 10 g
Power supply	5 V DC ± 10 %
Consumption	LED off: max. 30 mA LED on: max. 200 mA
Operating system	Windows 98/XP/Vista/7/8/10

Resistant to:

Alkaline materials · Alcohol · Bleach · Blood · Disinfectant · Vibrations · Humidity · Heat · Cold · Corrosive agent · Solvent · Salt water · Sand · Acid · Abrasive · Dirt · Dust · Water

Logistical data	
Packing unit:	10 pcs./carton
Total weight:	10.1 kg/carton
Gross weight (incl. packing):	0.955 kg
Net weight/article:	0.820 kg
Dimension/carton:	380x310x300 mm
Dimension of packing box:	360x270x25 mm
Dimension of article:	295x215x15 mm
Country of origin:	China

KeySonic Industry keyboards are antimicrobic and fungistatic and prevent the growth of fungi, mold and spores. Therefore this keyboard promotes sterility.
