Easy and Effective

3 ways to make your ironing easier

This iron makes your ironing easy and effective with lots of continuous steam. The durable ceramic soleplate glides well over all garments, and the 3x precision tip reaches the trickiest areas. With the Comfort iron, ironing is made simple

Easy to remove creases
- A fine spray evenly moistens the fabric
- Continuous steam up to 25 g/m for good crease removal
- Power up to 2000 W enabling constant high steam output
- Iron switches off automatically when left unattended
- 100 g steam boost

Easy gliding on all fabrics
- Durable ceramic soleplate for good gliding on all garments

Longer lifetime
- Calc clean slider to easily remove scale out of your iron

Easy to start ironing
- Large water tank 220ml and convenient water filling
- Bigger temperature dial for easier temperature adjustment
- Triple precision tip for optimal control and visibility
- Drip-stop system keeps your garments spotless while ironing

PHILIPS

Steam iron
2000 W Anti-calc, Ceramic soleplate, Drip stop

GC1445/30

Highlights

Spray

The spray function produces a fine mist that evenly moistens the fabric, making it easier to iron out creases.

Triple precision tip

The tip of this Philips iron is precise in 3 ways: it has a pointed tip, button groove and a sleek design of the nose. Triple Precision tip enables you to reach even into the most tricky areas, e.g. around the buttons or between the pleats.

Power up to 2000 W

Power up to 2000 W enables constant high steam output.

Large water tank

Less refilling with the extra-large 220 ml water tank so you can iron more clothes in one go.

Temperature dial

Bigger temperature dial for easier temperature adjustment

Drip stop system

Drip Stop system lets you iron delicate fabrics at low temperatures without having to worry about stains from water droplets.

Continuous steam up to 25 g/m

Continuous steam up to 25 g/m for good crease removal.

Calc clean slider

This steam iron can be operated with normal tap water and the calc clean slider makes it easy to remove any built-up scale out of your iron. To maintain the performance of your Philips steam iron, you should use this scale clean function once a month when using normal tap water.

Good gliding and durability

Our durable ceramic soleplate glides well on all garments. It's non-stick, scratch-resistant and simple to keep clean.
