

Philips
Portable Speakers

• Twins

SBA3210/00

Big in sound, small in size

Portable speakers to complement a modern lifestyle. Twin speakers play stereo sound via a universal 3.5-mm audio in that fits any device, with built-in rechargeable batteries for playback anywhere. Guaranteed music delight!

Benefits

Designed for grab and go
• Built-in rechargeable battery for music playback anywhere

Impressive sound
• 4 W RMS total output power
• High-quality stereo sound for better music enjoyment
• Advanced audio sound performance in a compact design

Simplicity in use
• One cable for both charging and music playback
• Carry bag for easy travelling

Features

Built-in rechargeable battery

Play music out loud - anytime, anywhere. The built-in rechargeable battery lets you enjoy your personal music without the fuss of tangled power cords and the inconvenient search for an electrical socket. Enjoy great music with the freedom of portability now.

PHILIPS

4 W RMS total output power

RMS refers to Root Mean Square, which is a typical measurement of audio power, or rather, the electrical power transferred from an audio amplifier to a loudspeaker, which is measured in watts. The amount of electrical power delivered to the loudspeaker and its sensitivity determines the sound power that is generated. Essentially, amplifiers are limited by the electrical energy they can amplify and loudspeakers by the electrical energy they can convert into sound energy, without distorting the audio signal. The higher the wattage, the better the sound power emitted by the speaker.

High-quality stereo sound

These twin portable speakers create a natural stereo sound stage when they are placed apart. The effect is more realistic and more enjoyable.

Charge and play in one cable

This Philips speaker comes with one cable for both battery charging and aux-in music playback. Conveniently eliminate cable clutter and enjoy uncompromised signal quality.

Specifications
