Highlights

Air cushioned caps
Air between the cap and the driver gives you a soft feel like a pillow as it reduces the pressure on your ears.

15 mm speaker driver

Small enough for optimum wearing comfort and big enough to deliver crisp, non-distorted sound, the 15 mm speaker driver is an ideal size for listening enjoyment.

Bass Beat vents
Bass beat vents allow air movement for better sound with a deep, rich bass.

Neodymium magnets
Neodymium is the best material for producing a strong magnetic field for greater sensitivity in a voice coil, better bass response and higher overall sound quality.

Flexi-Grip design

A soft, flexible part protects the cable connection from damage that otherwise would occur due to repeated bending.

24 k Gold-plated plug
You can rest assured that the precious metal gold finishing on the plug will give you a more reliable connection for better quality audio.

1.2 m cable
The ideal cable length to give you the freedom to put your audio device where you want.
