- for iPod/iPhone
- FM
- 10W

ORD7100C/37

The original radio

Let this Philips Original radio complete your listening experience. Designed in the style of the iconic 1955 Philips radio, it plays and charges iPods and iPhones, and comes with a stereo FM tuner.

Benefits

Enrich your sound experience

- Play and charge your iPod/iPhone simultaneously
- Bass Reflex Speaker System delivers a powerful, deeper bass
- High fidelity sound
- FM stereo tuner

Easy to use

- Dock any iPod/iPhone, even in its case
- Auto clock synchronization with iPod/iPhone when docked
- Audio-in for easy portable music playback

Contemporary retro design

- Contemporary reinterpretation of the iconic Philetta design

Features

Play & charge your iPod/iPhone

Enjoy your favorite MP3 music while charging your iPod/iPhone! The dock lets you connect your portable device directly to the Docking entertainment system so you can listen to your favorite music in superb sound. It also charges your iPod/iPhone while it plays so you can enjoy your music and not have to worry about your portable player battery running out. The Docking entertainment system automatically charges your portable device while it is docked.

PHILIPS

Bass Reflex Speaker System

Bass Reflex Speaker System delivers a deep bass experience from a compact loudspeaker box system. It differs from a conventional loudspeaker box system in the addition of a bass pipe that is acoustically aligned to the woofer to optimize the low frequency roll-off of the system. The result is deeper controlled bass and lower distortion. The system works by resonating the air mass in the bass pipe to vibrate like a conventional woofer. Combined with the response of the woofer, the system extends the overall low frequency sounds to create a whole new dimension of deep bass.

Dock iPod/iPhone in its case

Smartly designed spring-loaded docking port effortlessly accommodates any iPod or iPhone, without special adaptors. What's more, it works even when most protective cases are on – just dock your iPod or iPhone as it is. Now you can truly have fuss-free enjoyment of your music.

Auto clock synchronization

When connect and dock, this docking system will automatically synchronize the clock with your iPod/iPhone within a few seconds. With this convenient feature, you do not need to set the time manually.

AUDIO-IN (3.5mm)

Make one easy connection and enjoy all your music from portable devices and computers. Simply plug your device to the AUDIO-IN (3.5 mm) port on your Philips set. With computers, the connection is typically made from the headset output. Once linked, you can enjoy your entire music collection directly, on a set of superior speakers. Philips simply delivers better sound.

Specifications

Please note that this is a pre-sales leaflet. The contents of this leaflet reflect the best of our knowledge per date and country mentioned above. The contents of this leaflet are subject to change without notice. Philips does not accept any liability as to the contents of this leaflet.
