SPECIFICATIONS

Packaging
- Quantity: 1 bottle of 250 ml

HIGHLIGHTS

Exclusive formula
Its exclusive formula ensures thorough decalcification without harming the delicate parts inside your appliance.

Reduces limescale build-up
Limescale is a natural part of water used for the machine's operation. This special decalcifier protects your appliance from the build-up of limescale, which affects performance and taste. It is highly effective, safe and easy to use. For effective decalcification, descale when the machine requires it or after 250 cups, depending on water hardness.

Prolong lifetime
Extend the life of your Espresso Machine so you can enjoy the maximum potential of your appliance.

Better taste and aroma
Regular decalcification keeps your espresso machine performing at its best, ensuring the best taste and aroma.

Quick and easy decalcification
The decalcifier comes with clear instructions for use, enabling quick, easy and safe decalcification
