Cleansing brush & beard styler
Exclusive pouch

S7740/69

Smooth Glide, Maximum Comfort

Protects against the key signs of skin irritation

The Philips series 7000 protects against the key signs of skin irritation. SkinGlide rings with anti-friction coating enable the shaver to glide effortlessly across your face. Its blades cut close and protect skin, even with 3-day stubble.

Designed for maximum skin comfort

- SkinGlide rings with anti-friction coating for smooth glide
- 5 direction flex heads follow contours with less pressure
- Get a comfortable dry or refreshing wet shave with Aquatec

A close and smooth shave

- Blades protect skin and cut close even with 3-day stubble

Easy to use

- Intuitive display with 3-level battery indicator
- 50 minutes of cordless shaving
- Shaver can be rinsed clean under the tap
- Comes with a 2-year guarantee

Get the most out of your shaver

- Cleansing brush for longer lasting oil control*
- Beard styler with 5 settings for styling and pre-trimming

PHILIPS

Wet and dry electric shaver
SkinGlide Rings GentlePrecisionPRO Blades, Cleansing brush & beard styler, Exclusive pouch

S7740/69

Highlights

SkinGlide rings

Experience a more comfortable shave with anti-friction SkinGlide rings coated with microspheres. Thousands of tiny glass-like rounded spheres reduce friction and surface resistance between the shaver and the skin. This gives the shaver a smooth, easy glide and helps protect against skin irritation.

GentlePrecision PRO blades

Our updated cutting system has skin protection technology, designed to only cut hair not skin. V shaped blades guide the skin away from the blades for a close smooth shave - even on 3-day stubble.

5-direction Dynamic Flex Heads

Our shaver heads flex easily in 5 directions, gently following all the contours of the face and neck. Less pressure is needed to shave closely and skin stress is minimized.

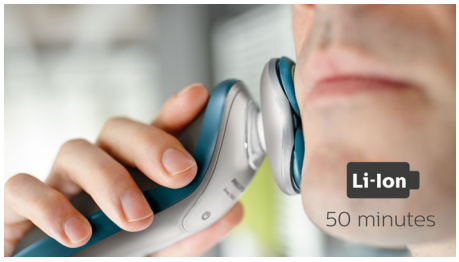
Aquatec Wet & Dry

Choose how you prefer to shave. With the Aquatec Wet & Dry seal, you can opt for a quick yet comfortable dry shave. Or you can shave wet – with gel or foam – even under the shower.

3 level battery indicator

The shaver's intuitive display shows relevant information, enabling you to get the best performance out of your shaver: 3-level battery indicator - cleaning indicator - battery low indicator - replacement head indicator - travel lock indicator

50 minutes of cordless shaving



The energy-efficient, powerful lithium-Ion battery system gives you two convenient options: Charge it for an hour for up to 50 minutes of shaving time, or a quick charge for one full shave. All Shaver series 7000 models are designed to operate only in cordless mode to ensure safety in wet environments.

SmartClick Cleansing Brush

The rotating brush, that you use in combination with own daily cleansing products, gives longer lasting oil-control effect which contributes a healthy and radiant skin.

SmartClick Beard Styler

The beard styler has 5 settings for beard styling, perfect stubble and pre-trimming. Rounded tips and combs prevent skin irritation.
