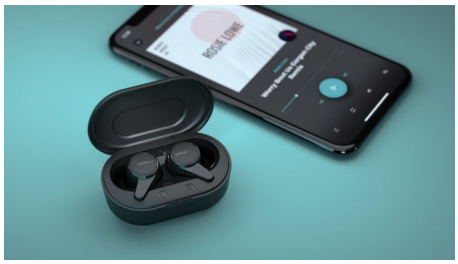
Highlights

Secure, comfortable in-ear fit

These comfortable earbuds fit securely into your ear canals, creating a perfect seal that diminishes external noise. Hear every beat and word! Enjoy real comfort with three sizes of soft, interchangeable silicone ear-tip covers.

Super-small charging case



This super-small case gives you real power in a tiny package. Fully charged, the headphones give you 6 hours of play time and a fully charged case adds 12 hours more. For a quick boost, charge your headphones for 15 minutes and get an extra hour!

IPX4 splash/sweat resistant

An IPX4 rating and powerful 6 mm drivers let you enjoy great sound in any weather! The headphones are splash resistant and won't mind a little rain or sweat, so you don't need to worry about getting caught in a shower.

Easy control and pairing

Integrated controls on the earbuds let you pause your music, take calls and wake your phone's voice assistant at the touch of a button. Once paired, the headphones will reconnect with your phone as soon as you take them out of the charging case.

Mono mode for calls

Taking a lot of calls? You can double your talk time by using one earbud while the other one charges. The mic is automatically assigned to the earbud you're using, so simply swap over when your current earbud runs low on battery.
