- HDMI digital output for easy one cable connection

PHILIPS

Features

Hi-Speed USB 2.0 Link

The Universal Serial Bus or USB is a protocol standard that is conveniently used to link PCs, peripherals and consumer electronic equuipment. Hi-Speed USB devices have a data transfer rate of up to 480 Mbps - up from the 12 Mbps in original USB ones. With Hi-Speed USB 2.0 Link, all you have to do is plug in your USB device, select the movie, music or photo and play away.

YouTube videos

Get YouTube videos on your TV now. Enjoy the huge collection of online videos on a larger screen, without even having to turn your computer on. Simply ensure that your Blu-ray player or Home theater system is connected to the Internet, either wirelessly* or through cables - then sit back and enjoy the best of YouTube.

Built-in Wi-Fi (infotainment)

Thanks to the built-in Wi-Fi, by simply connecting your player directly to your home Wi-Fi network, you can conveniently connect to the Internet without the clutter from the cables. Now you can enjoy built-in infotainment services, such as videos, music, news, weather, photos and more!

Video streaming

Instantly watch TV episodes and movies as often as you want on your TV. All you need is access to a wireless network. Choose from Netflix subscription based membership packages, or VUDU pay as you go on-demand services. Enjoy the latest YouTube videos all from the comfort of your home on your TV.
