EW5604

Rechargeable Electric Air Duster

• Powerful air blower for cleaning computers, keyboards, photo optics, ornaments and general objects
• Great battery capacity, 6000 mAh
• Efficient and versatile; In addition to cleaning, it can be used as an inflator for inflatable accessories by simply pressing its power button.
• 60 W power with a 50,000 rpm motor
•

DESCRIPTION

The EWENT EW5604 air blower is specially designed to be used in different electronic devices for cleaning and removing dust. Clean the dust from your keyboard, computer, etc., quickly and comfortably. Apart from everyday use in the home, office, car, etc., it is especially recommended for use in electronic component technical services. Being air blown mechanically, it does not emit moisture, preventing the objects or devices where it is used from deteriorating.
High capacity batteries.
Thanks to its three rechargeable 2000 mAh batteries, the EWENT air cleaner blower provides a working time of up to 25 minutes and a fast charge of just over 2 hours. The batteries built into this blower are high performance Lithium Ion and work perfectly in environments with temperatures between -10 ° C and 45 ° C
Save money with the EW5604 blower.
With this air sprayer you can save money, since you will no longer need to buy compressed air sprays. This way you will be saving money and taking care of the environment.
Versatile and efficient.
The powerful EWENT EW5604 air blower provides a powerful and continuous flow of air that removes dirt from the small grooves and hollows of any object. In addition, thanks to its nozzle with a brush, it enables deep cleaning and remove any trace of dust or any non-adhering dirt without any problem. With the other nozzle and inflation mode, it can be used as an inflation pump to inflate boats, air mattresses, air sofas, rafts, etc.

TECHNICAL

• Output Airflow
• Working Temperature: -10°- 60°
• Charging time: 2 hours
• Working Time: 25 minutes
• Charging Temperature: -0° - 60°
• Button with Power On/Off
• Supply Voltage: 5.0V/2A (QC: 9.0V/2A)
• Power supply input: USB Type-C
• Charging cable length: 60 cm
• Material: Plastic Housing
• Unit Size: 58 x 96 x 170 cm
• Weight: 362 g
• Colour: Black
