Faster, Easier and Smarter

With our innovative steam and temperature control

The Philips steam iron Azur Performer combines powerful performance with ease of use. Our Auto Steam Control gives the right amount of steam with each garment. The SteamGlide Plus soleplate will wizz through your ironing.

Easy gliding on all fabrics
- SteamGlide Plus soleplate: Our best gliding, faster ironing

Comfortable ironing
- Auto Steam Control for the right steam for each garment
- Optimal weight for easier manoeuvrability over your garments
- Triple precision tip for optimal control and visibility

Safe ironing
- Double Active Calc System to help prevent calc built-up

Fast and powerful performance
- Steam boost up to 160 g
- Continuous steam up to 25 g/m for good crease removal
- 1100 Watt enables constant high steam output

PHILIPS

Steam iron
Steam 25g/min;160g steam boost SteamGlide Plus soleplate, Anti-calc, 1100 Watts

GC3811/73

Highlights

Steam boost up to 160 g

The steam boost can be used for vertical steaming and tough creases.

SteamGlide Plus soleplate

Our best gliding SteamGlide Plus soleplate to whizz through your ironing. The carefully designed vents secure a well balanced steam distribution.

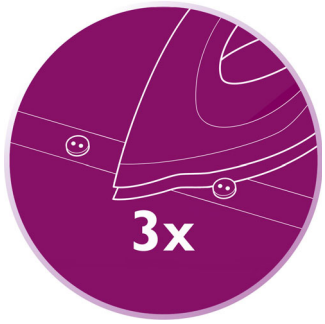
Double Active Calc Clean

The Double Active Calc system of your Philips steam iron prevents scale build-up through anti-scale pills and an easy-to-use calc clean function. Regular cleaning of your steam iron from calc results in less white stains from calc and longer steam performance giving better ironing results.

Auto Steam Control

Auto Steam Control takes away your worry for selecting the amount of steam you need. Just select the temperature for the garments you're ironing and off you go.

Triple Precision Tip



The pointed tip on the Philips Azur Performer is very precise in 3 ways: it has a pointed tip, button groove and a sleek design of the nose. The Triple Precision tip enables you to reach even into the most tricky areas, e.g. around the buttons or between the pleats.

Optimal weight

The iron has the optimal weight to move easily over any garment, making ironing less of a hassle and easy to constantly place the iron on the board and back to its heel rest.

1100 Watt

1100 Watt enables constant high steam output.

Continuous steam up to 25 g/m

Continuous steam up to 25 g/m for good crease removal.
