Highlights

Energy efficient

Philips Ecomoods outdoor is a range of affordable outdoor lighting products for the garden that combines contemporary designs with the latest energy efficient technology. It saves up to 80% energy compared to traditional light sources. The result is as good for the planet as it keeps the money in your pocket where it belongs, year after year.

Eye for detail

Each piece is constructed from high quality components and hard-wearing materials like die-cast aluminium and stainless steel.

High quality material

Built to last. Every piece in the Philips Ecomoods outdoor lighting collection uses high quality materials and components to resist to outdoor conditions.

IP 67, outdoor recessed spots

The perfect spots for lighting paths, driveways and patios. Thanks to a high IP rate, cars can drive on it without fearing for damage. This spots are the perfect combination of elegancy and practicality.

Several applications

Ideal outdoor lighting for a garden, terrace, pathway or balcony, Philips Ecomoods outdoor's wall, post, pedestal and ceiling lights create a cosy, relaxing atmosphere when the sun goes down, as well as providing the reassurance of being able to see safely after dark.

Stylish contemporary designs

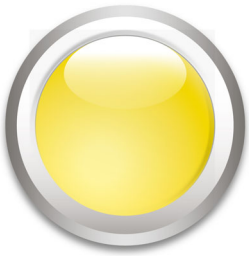

The contemporary designs by Philips Ecomoods are stylish but understated, beautiful by day or night without overwhelming your garden or terrace. There's a full range of lights to choose from, so there's bound to be one to match your outside space and taste.

Ultra long bulb life

Philips bulb included with an ultra long bulb life, up to 20.000 hours.

Welcoming warm white light

Philips Ecomoods outdoor is a range of outdoor lamps that creates a beautifully warm welcoming light. The light color temperature is of 2700 Kelvin. It also provides plenty of light for clear visibility so that you can use your outside space however you like after hours, and relax knowing that it'll be safe and secure throughout the night.
