A simple way to beautify your home

Decorative bulbs enhance your home atmosphere

Philips LED frosted lustres provide a soft, diffuse light effect and an exceptionally long life. With a pure and elegant design, this light bulb is the perfect match for decorative fixtures with large (E27) fittings.

Benefits

Soft warm white light

- True incandescent-like warm white light (2700 K)
- High colour rendering (CRI > 80) for vivid colours
- Frosted glass for diffused light effect

Pure and elegant design

- Smooth surface and high-quality finishing

Instant brightness

- Instant light when switched on

Sustainable choice

- Very low energy consumption; saving at least 80%
- Lasts up to 15 years

Features

Warm white light (2700 K)

Light can have different colour temperatures, indicated in units called Kelvin (K). Bulbs with a low Kelvin value produce a warm, cosier light, while those with a higher Kelvin value produce a cool, more energising light.

PHILIPS

LED

Instant light when switched on

No need to wait: Philips LED light bulbs provide their full level of brightness immediately upon switching on.

Lasts up to 15 years

With a lifetime of up to 15,000 hours, this Philips LED bulb will ensure your desired atmosphere for up to 15 years.*

High colour rendering (CRI>80)

The colour rendering index (CRI) is used to describe the effect of a light source on colour appearance. Natural outdoor light has a CRI of 100 and is used as the standard of comparison for any other light source. The CRI of Philips LED light bulbs is always higher than 80, close to the sun's value, reflecting colours truly and naturally.

Diffused light

With its frosted, elegant design and innovative LED technology, this decorative bulb provides a soft, diffused light effect to help you create your desired ambience.

Smooth surface

Shaped in a familiar way, this LED bulb offers all of the most recent innovations while maintaining the look and feel of a traditional bulb.

Very low energy consumption

By replacing traditional light bulbs with a Philips LED alternative, you will gain immediate, significant energy savings while contributing to a sustainable planet.

Specifications

Please note that this is a pre-sales leaflet. The contents of this leaflet reflect the best of our knowledge per date and country mentioned above. The contents of this leaflet are subject to change without notice. Philips does not accept any liability as to the contents of this leaflet.

Bulb characteristics

Shape	Lustre
Cap/fitting	E27
Voltage	220-240 V

Power consumption

Wattage	2.7 W
Wattage equivalent	25 W
Energy efficiency label	A++
Power consumption per 1000h	4 kW·h

Light characteristics

Light output	250 lumen
Application	Comfortable light
Colour	Warm White
Colour temperature	2700 K
Light effect/finish	Warm White
Starting time	< 0.5 s
Warm-up time to 60% light	Instant full light
Colour consistency	6 SDCM
Colour rendering index (CRI)	80

Durability

Number of switch cycles	50,000
Lumen maintenance factor	0.7
Average life (at 3 hrs/ day)	15 year(s)

Bulb dimensions

Height	91 mm
Width	48 mm

Other characteristics

Mercury content	0 mg
Power factor	0.6
Lamp current	30 mA

Rated values

Rated power	2.7 W
Rated luminous flux	250 lm
Rated lifetime	15,000 hour(s)

LED

* *Based on average usage of 3 hours per day
