2600 Watts

GC4526/90

Faster*, Easier and Smarter

More effective calc clean with calc container

The Philips steam iron Azur Performer Plus combines powerful performance with ease of use. The Built-In calc container for effective calc removal for long lasting steam performance, Auto steam control and T-ionicGlide soleplate .

Fast and powerful performance
- 2600W for fast iron heat up
- Steam output of up to 50 g/min for better crease removal
- Steam boost up to 210g

Easy gliding on all fabrics
- T-ionicGlide: our best 5-star rated soleplate

Calc solution
- Built-In calc container collects calc during ironing
- Self-Clean for effective calc removal

Comfortable ironing
- Auto Steam Control for the right steam for each garment
- Optimal weight for easier manoeuvrability over your garments
- Triple precision tip for optimal control and visibility
- Electronic safety shut-off when iron is left unattended

PHILIPS

Steam iron

Steam 50g/min;210g steam boost T-ionicGlide soleplate, Safety Auto off + Anti-calc, 2600 Watts

GC4526/90

Highlights

Steam up to 50 g/min

Continuous steam output of up to 50 g/min gives you the perfect amount of steam to efficiently remove all creases.

Optimal weight

The iron has the optimal weight to move easily over any garment, making ironing less of a hassle and easy to constantly place the iron on the board and back to its heel rest.

Automatic safety shut-off

The electronic safety shut-off automatically switches the iron off when it is left unattended or tips over.

Auto Steam Control

Auto Steam Control takes away your worry for selecting the amount of steam you need. Just select the temperature for the garments you're ironing and off you go.

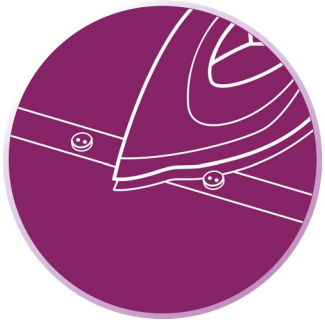
T-ionicGlide soleplate

T-ionicGlide is our best gliding and scratch-resistant, 5-star rated soleplate with integrated Titanium-Oxide layer.

Built-In calc container

Our specially designed and built-in calc container collects calc particles during ironing. The Self Clean process flushes the calc out of the iron to maintain consistent ironing performance day after day.

Triple Precision Tip



The pointed tip on the Philips Azur Performer is very precise in 3 ways: it has a pointed tip, button groove and a sleek design of the nose. The Triple Precision tip enables you to reach even into the most tricky areas, e.g. around the buttons or between the pleats.

2600W for fast heat up

With the 2600W the Azur Performer Plus steam iron will heat up very fast and give a powerful performance to deliver suberb ironing results.

Self-Clean

In addition to the built-in calc container, the self-clean function of your soleplate will remove the most stubborn calc. A clean soleplate will improve your steam performance and ironing results.
