Enjoy hot drinks anytime

With keep warm function

Durable kettle in safe, food-grade full stainless steel for long and reliable daily use – with a convenient Keep Warm mode that's always ready to serve. Philips brings 60 years of trust and expertise to this elegant long-life kettle.

Fast, safe boiling

- Flat heating element for fast boiling
- Micro-mesh filter captures tiny limescale particles
- Multi safety system against boil-dry
- Durable full stainless steel body for long life
- Keep warm function with no reboiling

Simple to fill, use and clean

- Cord winder for easy adjustment and storage
- Cordless kettle with 360° pirouette base
- Easy refilling through lid or spout
- Easy-to-read water level indicator
- Spring lid with large opening for cleaning
- Pilot light indicates when the kettle is switched on

PHILIPS

Kettle
2200W, 1.7L Keep warm, Champagne metal, Spring lid

HD9356/98

Highlights

Hidden cord winder

The cord can be wrapped underneath the base, so it's the right length for any kitchen and easily stored away.

Cordless + 360° pirouette base

The cordless kettle sits on a 360° pirouette base for easy lifting and replacing.

Easy refilling

The kettle can be filled through the spout or by opening the spring lid.

Water level indicator

The water level is easy to read with an indicator located underneath the handle.

Flat heating element

A concealed stainless steel heating element ensures fast boiling and easy cleaning.

Micro-mesh filter

A removable micro-mesh filter on the spout captures tiny limescale particles as small as 200 microns to ensure a clear cup.

Multi safety system

The kettle shuts off automatically when the water is ready, when it is lifted from the base or when there is too little water.

Spring lid with large opening*

A push-button lid opens smoothly at the touch of a button, avoiding steam contact. The large opening simplifies cleaning.

Pilot light

Elegant indicator light incorporated in the power switch indicates illuminates when the kettle is turned on.
