Philips PerfectCare
Compact
Steam generator iron

Max 5.3 bar pump pressure

Up to 280 g steam boost
1.5 L water tank capacity
Carry lock

GC7808/41

Iron faster with 2x more steam*

Philips most compact steam generator

Philips PerfectCare Compact Iron your garments faster thanks to a powerful continuous steam. No need to adjust the temperature in between garments thanks to OptimalTEMP technology. Enjoy a compact and light weight design for easier storage.

No temperature setting needed, guaranteed no burn
- Iron jeans to silk, no need to change temperature setting
- Safe to leave the hot soleplate on the ironing board
- Tested and approved by independent textile experts

Fast ironing with continuous powerful steam
- Powerful steam for ultimate crease removal
- Integrated easy clean system for long-lasting performance
- Superior gliding soleplate and scratch resistance
- Save energy with ECO mode

Compact technology
- Lightweight and compact size for easy storage
- Safe and secure carry lock
- Large water tank for longer continuous use

PHILIPS

Steam generator iron
Max 5.3 bar pump pressure Up to 280 g steam boost, 1.5 L water tank capacity, Carry lock

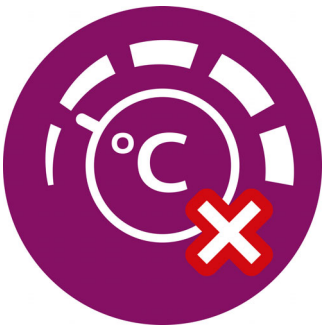
GC7808/41

Highlights

Ultra powerful steam

An ultra-fast ironing experience can be yours with revolutionary technology. The powerful and continuous steam tackles even rough creases, and thicker fabrics are smoothed out with ease and speed. Plus there's an extra steam boost if needed, perfect for vertical steaming or stubborn creases.

OptimalTEMP technology



With OptimalTEMP technology you'll no longer have to waste time changing temperature settings, waiting for the temperature to adjust or pre-sorting clothes. Iron fabrics from jeans to silk, with guaranteed no burns thanks to the perfect combination of temperature and continuous powerful steam.

Safe rest

Innovative OptimalTEMP technology guarantees no burn on all ironable fabrics. As well as the reassurance this provides whilst ironing, it also means you can leave the hot iron soleplate directly on your cotton ironing board without causing any damage. This helps to reduce any discomfort to your wrists, as you won't need to lift the iron to and from its base as often

Tested and approved

This iron is tested and approved by independent textile expert institutes such as DWI, IWTO and Woolmark, for its excellent ironing performance. The Woolmark Apparel Care program helps consumers identify quality laundry products that are approved by The Woolmark Company for use on wool products. Philips with its exclusive OptimalTEMP technology is so far the only ironing brand able to be certified with the Gold standard from Woolmark. You can be confident that our Woolmark-approved apparel care products are ideally suited for any wool garments.

Lightweight and compact size

Thanks to revolutionary ProVelocity technology, we've been able to make a steam generator more compact than ever before. The smaller size fits perfectly on your ironing board for convenience and carrying it around is made far easier. Plus your steam generator iron will take up much less storage space.

1.5 L water tank

The water tank has a 1.5 L capacity, so you get the convenience of up to 1.5 hours of continuous use, with no need to top-up the tank. It's also transparent, so you can get a 360°view of the tank to easily see how much water you have left to continue creating steam efficiently. When you do need to refill, your steam generator iron has a large filling hole that allows you to easily fill the water tank under the tap, or alternatively with a jug or bottle at any time during ironing

Specifications

Technology
- For all ironable fabrics
- No burn
- No temperature setting needed
- OptimalTEMP Technology
- ProVelocity steam engine
- Smart Control Processor

Fast crease removal
- Continuous steam: Up to 120 g/min
- Power: 2400 W
- Pressure: max 5.3 bar pump
- Ready to use: 2 min
- Steam boost: Up to 280 g
- Steam-on-demand
- Variable steam levels
- Vertical steam
- Voltage: 220-240 V

Easy to use
- Safe on all fabrics: Even delicates like silk
- Soleplate gliding performance: 4 stars
- Soleplate name: SteamGlide
- Water tank capacity: 1500 ml
- Auto steam stop
- Cord freedom (swivel): 180 degree cord freedom
- Hose length: 1.6 m
- Integrated power plug
- Power cord length: 1.8 m
- Precision steam tip
- Ready to use: Light indicator, Sound indicator
- Refill any time during use
- Safety auto off
- Soleplate scratch resistance: 4 stars
- Tap water suitable

Scale management
- Descaling and cleaning: Smart Calc Clean
- Descaling reminder: Light, Sound

Storage
- Carry lock: For transportation and safety
- Cord storage: Velcro fix
- Hose storage: Hose storage compartment

Accessories included
- Calc clean container

Size and weight
- Packaging dimensions (WxHxL): 23 x 27.5 x 39.3 cm
- Product dimensions (WxHxL): 19.3x22.3x37.3 cm
- Total weight with packaging: 3.85 kg
- Weight of iron: 1.2 kg
- Weight of iron + base: 2.95 kg

Guarantee
- 2 year worldwide guarantee

Green efficiency
- Energy saving mode
- Energy saving*: 30 %
- Recycled plastic used: 30 %
- User manual: 100% recycled paper
