Loudspeakers
- No. of built-in speakers: 2
- Speaker grille finishing: metal

Convenience
- Display type: LCD display
- Loader type: top

Accessories
- Cables/Connection: AC-DC adapter
- Warranty: Warranty leaflet
- Remote control
- User Manual

Power
- Battery type: C size (LR14)
- Battery voltage: 1.5 V
- Number of batteries: 6
- Power type: 100-240 V

Dimensions
- Packaging depth: 139 mm
- Packaging height: 262 mm
- Packaging width: 371 mm
- Main unit depth: 236 mm
- Main unit height: 122 mm
- Main unit width: 341 mm
- Product weight: 1.6 kg
- Weight incl. Packaging: 2.3 kg

Highlights

CD Shuffle/Repeat

The "Shuffle/Repeat" function helps you to get rid of the boredom of hearing your music played in the same order all the time. After loading your favorite songs to the player, all you have to do is to select one of the modes - "Shuffle" or "Repeat" for your tunes to be played in different modes order. Enjoy the different and unique music experience every time you hook up to your player.

DAB+, DAB and FM
DAB+/DAB (Digital Audio Broadcasting) digital radio is, on top of FM analog transmission, a new way of broadcasting radio via a network of terrestrial transmitters. It provides listeners with more choices and information delivered in clear and crackle-free sound quality. The technology allows the receiver to lock on to the strongest signal it can be find. With DAB+ or DAB digital stations there are no frequencies to remember, and sets are tuned by station name, so there is no returning on the move.

Play MP3-CD, CD and CD-R/RW

MP3 stands for "MPEG 1 Audio layer-7.6 cm (3") .MP3 is a revolutionary compression technology by which large digital music files can be made up to 10 times smaller without radically degrading their audio quality. MP3 has become the standard audio compression format used on the world wide web, allowing quick and easy audio file transfer.

USB Direct for easy MP3 music

Thanks to the complete file transferability, you can easily enjoy the convenience and fun of accessing more digital music via the built-in USB Direct.
